Vision

Reduce Business risk, improve operational performance and organizational excellence of our clients

Our approach & strategy

- Excellence in consulting, business process re-engineering , auditing, training delivery etc., through systematic process approach model
- we believe in creating value and facilitating the clients to realize their goals through deep partnerships, viewing their success as our own
- We work with our clients in a manner that is team-oriented, constructive, and challenging, to get the best of both
- Al-Noor is committed to creating value for clients that returns many multiples of their investment
- We try to deliver tangible and positive change
- We strive to build bonds founded on integrity, trust and mutual respect
- Al-Noor strongly believes in building long-term business relationships with clients, and become their "*Consultant of Choice*".

WHAT WE DO

Our Business Verticals

1. **Business Excellence Consulting & Training**, including Six Sigma, Supply Chain, Business Process Re-engineering, Technical Process outsourcing etc.

2. **ISO Systems Consulting & Training**, including, Quality, Health & Safety, Environment, Energy, IT Security, Business Continuity, Food Safety, BRCGS, Laboratory Systems, etc.

3. **Systems / Process Audit**, including third party, audit outsourcing, supplier audits, ISO systems audits, compliance audits etc.

4. **Training / Management Development Programs**, including LSS, GB, BB, ISO Lead Auditor, Lead Implementor, Internal Auditor etc.

Key Consulting Differentiation

- Program framework, not a project framework handover
- Enterprise risk reduction
- Mature risk assessment methodology
- Risk management processes at each business lifecycle and change
- Documentation at 4 layers which encompass certification and internal maturity requirements
- Measurements that determine the degree of compliance
- Awareness to each and every member of the organization
- Business Excellence foundation

7th June 2011

Al-Noor International Consultants
Kuwait
LET:DMD(EAST):12

Subject : Thank Letter to Al – Noor International Consultants Company

This is letter thank the Al-Noor International Consultants Company for all the work done with KUFPEC which resulted in the successful completion for KUFPEC Head Office certification of the Quality Management System, 9001-2008, OHSAS 18001-2007, ISMS 27001-2005 during the period of 2010-2011.

The work done by Al-Noor International Consultants in preparing a Company Wide ISO 9001, and OHSAS Awareness Program, and assistance provided to KUFPEC in developing and establishing our Quality Integrated Management System and formation of our Core Quality Assurance Team is very much appreciated.

The advice as regards the Quality Management System(s) requirements and the Gap Analysis with respect to both QMS and OHSAS was more than sufficient in enabling Kufpec to extinguish the Gaps that were identified to meet compliance. In addition, the advanced Documentation and establishment of the Quality Apex Manual, Department Procedures, Risk Registers, Work Instructions and Guidelines were all most helpful to Kufpec.

As a result of Al Noor's advice and assistance we were able to develop the control procedures, Emergency preparedness and Response Manual, Monitoring and Measurement Plan, as well as the Mandatory Operating Program and support during the Internal Audit and External Audit and the ISMS Information Security Procedures and Manuals.

We are very proud of the work performed with our Team and Al-Noor.
In conclusion, we wish to, thank you for the support we have received which enabled us to gain Certification thru their 3rd Party Certification Body Bureau Veritas.

With Best Regard

7/6/2011

Ali D. Al-Shammari,
DMD Operations East

Testimonials*

“It is not enough to do your best, you must know what to do, and then do your best.”

-W. Edwards Deming

Thank You!
